EMERGE NNY 2008 a SUCCESS !!

On Friday August 8, 2008 the Greater Watertown Jaycees held its third annual Emerge NNY, *Empower Yourself, Your Community & Your World*. The event was attended by over 90 young professionals! Dr. Jason White kicked-off the day with his steps to empowering yourself and others in taking active

roles in our communities. The morning progressed with sessions on yoga, mentoring, going 'green', and personal polish. Former NYS Senator James Wright engaged participants in politics challenging our demographic to become active participants in the political process. Finally, Emily McCoy, daughter of JCC President Carol McCoy and a representative of the State Jaycees spoke about leadership and the Jaycees.
